

6.2.1 Arvioinnista tiedottamisen muodot Vantaan kansainvälisessä koulussa

Mitä asioita huoltajille tiedotetaan oppimisen ja osaamisen arvioinnista?

What ways do we use to inform guardians on learning and assessment matters?

- Tests, big projects, essays, and deadlines for them are posted in Wilma.
- General understanding of expectations for each subject, how to achieve the goals and grades each student sets for themselves.
- Assessment discussions, report cards and verbal assessment
- 4s and 5s “warnings” and significant (2 or more) grade drops with enough time to enact change.
- Individual feedback for each subject prepared in advance for the PT discussions (grades 6-9)

Miten oppilaille ja huoltajille annetaan lukuvuoden aikana tietoa opintojen etenemisestä, työskentelystä ja käyttäytymisestä?

How are students and guardians provided with information regarding behaviour, work and study progress?

- Wilma (main source of info) and Google Classroom (more specific instructions, comments, feedback, mainly to students)
- JH work log - a weekly view of each lesson's content and homework, visible to students and guardians.

Milloin? Tiedottamisen ajankohdat.

When are these practices enforced?

- General overview of assessment at the beginning of each term.
- Assessment discussions once a year.
- Report cards end of fall and spring semesters.
- 4s and 5s/grade drop warning start of November and April.
